

# CATHY'S CORNER

**Hello All!**

I am back and glad to be home. For those of you who do not have an idea what I am talking about, I will elaborate. I went to Florida for a week to visit our friend, Linda Biko. It was a wonderful week, but way too short. Her house is on a beautiful lake, you have heard the expression million dollar view, well that was what it was. We traveled by boat through canals to go to different lakes. One place was where they filmed the movie African Queen. It was absolutely awesome! But best of all, we went on a Shop Hop to 8 different Quilt Shops, and each shop gave us a different block, did I say gave? Yes, they gave us a complete block fabric and pattern. Their theme was White and Bright for the summer, I am going to call my quilt My Florida Vacation. I cannot tell you how much fun these shops were, a couple were out in the country with cows, etc. One place had Blue Herring, what an interesting bird. I could go on forever, our last shop had a sale and was it a sale! We could buy anything on sale or not, and get 25% off, but if you paid cash you got an extra 10%, so everything I purchased was 35% off. Anyone jealous yet?

I wish I had better news for when we can meet again, it does not look like it will be anytime soon. The restriction for having a meeting is just too much for our group to take on at this time. I am taking it one month at a time, as you know the months are running out. I will keep you in the loop, and as soon as I hear anything I will contact you.

I hope you all are taking care of yourselves, this pandemic is not something to take for granted. I talked to Betty Reid and she told me she is selling so many sewing machines. What else can we do? Go buy groceries, cook, eat, and sew. I know that we will all be together one of these days and what a show and tell that will be.

Have any of you thought about having a sew-in at your home? I am going to start in August, I have so many new things to share with a group of gals. I hope some more of you can do the same.

Wish I had more to share there is just not that much going on. I will talk to you next month take care and think about having some friends over for a day of sewing and fun.

**Household tip:** Are you making a lot of cookies for some reason? You find your brown sugar hard as a rock, do not throw it away, drop a piece of apple in the bag and close it you will have soft brown sugar the next day.

Love and thinking of you all, Cathy

# Pins--

## How many different kinds do you have?

*Pins are a vital tool for Quilting and Sewing. Even if you don't own a sewing machine and only do hand quilting, you need pins. Do you know the different types of pins and what they ideally are used for?*

*Let's look at the 4 characteristics of Pins: Head style, Length, Thickness and Point Style*

### Head Style

*There are three basic styles of pin heads, Each has a different purpose. Your choice depends upon the need for visibility and ironing.*

**Flat/No head:** *This type of pin works well when you need to iron a project with pins in place also for hand stitching because there is no head to catch on the thread. They now have pins that are two pronged for piecing.*

**Glass Head:** *This pin like flat head pins are good for projects which need to be ironed but with better visibility and better grasping of the pin.*

**Plastic head:** *Plastic head pins come in all sort of shapes, colors, butterfly, flowers, buttons, pearl tops, hearts, moon shapes and balls of all sizes. They are easy to spot, fun to use and easy to hold onto. However, some are poorer quality than others and tend to bend easily or have dull points.*

### Length

*The length of the pin to use depends upon the thickness and or layers of fabric you need to pin. The more layers you have to pin the longer the pin needs to be. Holding fabric to a stabilizer in the embroidery hoop a longer, flat head plastic pin works best.*

**Short and Stubby:** *a 3/4 inch pion is best for delicate, sheer fabric/projects.*

**Dressmaker length:** *These are the most common length, 1 to 1-1/2 inches for piercing through most fabrics without bending.*

**Quilting Length:** *These pins are usually 1-1/2 to 2 inches long to handle several thicknesses of fabric.*

# *Pins* (continued)

## **Thickness**

*Pin thickness choice depends upon the delicacy of the fabric you are working with. The finner the fabric the finer the Pin.*

- **0.4mm** for fine, delicate, sheer fabrics
- **0.5mm** called extra-fine, super-fine, silk or satin for fine, light weight fabrics.
- **0.6mm** most all purpose pins, sometimes labeled as fine and great for medium weight fabrics, like cottons.
- **0.7mm or 0.8mm** These larger diameter pins can be harder to find but work best with thicker fabrics like heavy wools, denim. Remember they make bigger holes.

## **Point Style**

*The point style depends upon the fabric you are working with, Woven vs. Knits.*

**Sharp:** *These all purpose pins work best with most woven fabrics in all except the most delicate fabrics.*

**Extra-Sharp:** *These have a more defined tapered point to go through more delicate fabrics cleanly.*

**Ball point:** *These points are used only for knits the point is rounded and slips through the loops of the fabric without snagging the fibers.*

## **So, what a Good mix of pins for your Sewing/ Quilting Room?**

*Universal, glass head pins 1.5inches long and 0.6mm is a great choice for most projects where you need to iron your fabric. Ball point pins if you tend to use any knit fabrics. Silk pins with a glass head and sharp point for delicate fabrics and piecing. And of course I have a stash of flat head pins for securing my fabric when I float it on the embroidery hoop.*

**Your projects will be much easier when you use the right tools.**

**As a Quiltaholic, I get through the Day, One stitch at a time.**

**My 12 step program: Choose a pattern, Pick out Fabrics, Cut out the Pieces, Sew the pieces together, Press the seams, Continue sewing and pressing until quilt top is done, Pick out batting and backing, decide on quilting pattern, Quilt it, bind the quilt, add label, Wash and snuggle up!**

## ***Las Vegas Quilter 2020 Quilt Challenge***

### **Theme: “1820-2020 What’s Old is New Again”**

Acknowledging that we have entered a new decade, the LVQ 2020 challenge is a once-in-a-lifetime celebration of incorporating a mystery traditional quilt block into your own creation with a modern spin on it. So far we’ve had 18 members sign up!

\* \* \* \* \*

This year’s challenge begins by you drawing a mystery traditional block.

1. The traditional block pattern you draw must be incorporated into your own modern 2020 version of a quilt. A web address will be included to show you where you can go for the free pattern. You may repeat the block to comprise the total pattern of your quilt or item.
2. You must use the year “2020” somewhere in your quilt.
3. Size: As small as a postcard, a greeting card, a special scrapbook page, a mug rug, a mini quilt but no larger than 30” x 30” (maximum perimeter: 120 inches) and anywhere in between. You may also incorporate your mystery traditional block into clothing or a bag. You can make your mystery traditional block any size you desire.
4. If you chose to make a quilt, your quilt must have three layers and must include a label on the back. Pin the mystery traditional quilt you drew to the bottom righthand corner of your creation and be sure to put a label on the back of the quilt.
5. You cannot use quilts or items that you created in the past. Your entry must be fresh for this challenge. (Again, you cannot take something you have already made and slap whatever traditional block you have made onto it.)
6. Items should be received by 6:15 p.m., on Wednesday, July 8, 2020\*, so they can be included in the display. (*Due date TBD, stay tuned.*)
7. Once the voting has taken place, a show-and-tell will be conducted during our meeting before announcing the winners (1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> places), so you can walk us through your inspiration and design process.

\* \* \* \* \*

Get those creative juices flowing and we can’t wait to see what you design!
